THE CONFERENCE

Two days International Conference on “**Transforming IDEAS (Inter-Disciplinary Exchanges, Analysis and Search) into Viable Solutions (IDEAS - 2019)**”, focuses on collective and collaborative efforts towards global issues of concern. This involves a manifest endeavor towards breaking disciplinary boundaries and making the research walls permeable. The conference is not intended to be a mere intellectual arm-chaired exercise but a methodical and efficient effort towards looking out for solutions to resolve issues of global concern. The analysis of the various sub-themes is designed to build connect with multiple stake-holders and invite participation with productive inputs and generate suggestive outputs. **For details refer to <http://ideas2019.netlify.com/>**

CONFERENCE OUTCOME

Inter-disciplinary exchanges encourage highly creative approaches to research, generate new theoretical directions, innovative methods and provide original solutions to complexities. This interdisciplinary collaboration has the potential to generate new thinking and transform the way that researchers consider their own work. This can be tremendously exciting and academically, professionally and socially rewarding.
